Theme/ Topic:	Term 1	Term 2	Term 3	Term 4	Term 5	Term 6
<b>Reception</b> Early Learning Goals  Whole year focus	<p><b>Health and self-care:</b> children know the importance for good health of physical exercise, and a healthy diet, and talk about ways to keep healthy and safe. They manage their own 11 basic hygiene and personal needs successfully, including dressing and going to the toilet independently.</p> <p><b>Self-confidence and self-awareness:</b> children are confident to try new activities, and say why they like some activities more than others. They are confident to speak in a familiar group, will talk about their ideas, and will choose the resources they need for their chosen activities. They say when they do or don't need help.</p> <p><b>Managing feelings and behaviour:</b> children talk about how they and others show feelings, talk about their own and others' behaviour, and its consequences, and know that some behaviour is unacceptable. They work as part of a group or class, and understand and follow the rules. They adjust their behaviour to different situations, and take changes of routine in their stride.</p> <p><b>Making relationships:</b> children play co-operatively, taking turns with others. They take account of one another's ideas about how to organise their activity. They show sensitivity to others' needs and feelings, and form positive relationships with adults and other children.</p>

2. about rights and responsibilities as members of families, other groups and ultimately as citizens
3. about different groups and communities
4. to respect equality and to be a productive member of a diverse community
5. about the importance of respecting and protecting the environment
6. about where money comes from, keeping it safe and the importance of managing it effectively
7. how money plays an important part in people's lives
8. a basic understanding of enterprise.

**Notes & Guidance: Core Theme 1. Health and wellbeing**

**Key Stage 1**

**Pupils should have the opportunity to learn:**

1. what constitutes a healthy lifestyle including the benefits of physical activity, rest, healthy eating and dental health
2. to recognise what they like and dislike, how to make real, informed choices that improve their physical and emotional health, to recognise that choices can have good and not so good consequences
3. to think about themselves, to learn from their experiences, to recognise and celebrate their strengths and set simple but challenging goals
4. about good and not so good feelings, a vocabulary to describe their feelings to others and simple strategies for managing feelings
5. about change and loss and the associated feelings (including moving home, losing toys, pets or friends)
6. the importance of and how to maintain personal hygiene
7. how some diseases are spread and can be controlled and the responsibilities they have for their own health and that of others
8. about the process of growing from young to old and how people's needs change
9. about growing and changing and new opportunities and responsibilities that increasing independence may bring
10. the names for the main parts of the body (including external genitalia) the similarities and differences between boys and girls
11. that household products, including medicines, can be harmful if not used properly
12. rules for and ways of keeping physically and emotionally safe (including road safety, safety in the environment, safety online, the responsible use of ICT, the difference between secrets and surprises and understanding not to keep adults' secrets)
13. about people who look after them, their family networks, who to go to if they are worried and how to attract their attention, ways that pupils can help these people to look after them
14. to recognise that they share a responsibility for keeping themselves and others safe, when to say, 'yes', 'no', 'I'll ask' and 'I'll tell'

**Key Stage 2**

**Building on Key Stage 1, pupils should have the opportunity to learn:**

1. what positively and negatively affects their physical, mental and emotional health (including the media)
2. how to make informed choices (including recognising that choices can have positive, neutral and negative consequences) and to begin to understand the concept of a 'balanced lifestyle'
3. to recognise opportunities to make their own choices about food, what might influence their choices and the benefits of eating a balanced diet
4. to reflect on and celebrate their achievements, identify their strengths, areas for improvement, set high aspirations and goals
5. to deepen their understanding of good and not so good feelings, to extend their vocabulary to enable them to explain both the range and intensity of their feelings to others
6. to recognise that they may experience conflicting emotions and when they might need to listen to their emotions or overcome them
7. about change, including transitions (between Key Stages and schools), loss, separation, divorce and bereavement
8. to differentiate between the terms, 'risk', 'danger' and 'hazard'
9. to deepen their understanding of risk by recognising, predicting and assessing risks in different situations and deciding how to manage them responsibly (including sensible road use and risks in their local environment) and to use this as an opportunity to build resilience
10. to recognise their increasing independence brings increased responsibility to keep themselves and others safe
11. that bacteria and viruses can affect health and that following simple routines can reduce their spread
12. that pressure to behave in an unacceptable, unhealthy or risky way can come from a variety of sources, including people they know and the media
13. to recognise when and how to ask for help and use basic techniques for resisting pressure to do something dangerous, unhealthy, that makes them uncomfortable, anxious or that they believe to be wrong
14. school rules about health and safety, basic emergency aid procedures, where and how to get help
15. what is meant by the term 'habit' and why habits can be hard to change
